

New roadwork updates

Friday 5th June 2020

TEMPORARY TRAFFIC LIGHTS

Sandbach Road, Astbury

Temporary traffic lights will be in place 24 hours a day to allow works to tie in the new Sandbach road junction to the existing carriageway.

| | |
|--------------------------------|----------------|
| Start Date | 10 June 2020 |
| Planned Completion Date | 25 August 2020 |

Manchester Road, Congleton

Temporary traffic lights will be in place to facilitate plant crossing the carriageway.

| | |
|--------------------------------|--------------|
| Start Date | 10 June 2020 |
| Planned Completion Date | 26 June 2020 |

Macclesfield Road, Eaton

Temporary traffic lights will be in place 24 hours a day to allow works to tie in the new Macclesfield road junction to the existing carriageway.

| | |
|--------------------------------|----------------|
| Start Date | 15 June 2020 |
| Planned Completion Date | 2 October 2020 |

Holmes Chapel Road, Somerford

Temporary traffic lights will be in place to enable Scottish Power to carry out cable diversion works.

| | |
|--------------------------------|--------------|
| Start Date | 15 June 2020 |
| Planned Completion Date | 26 June 2020 |

TEMPORARY CARRIAGEWAY

Chelford Road, between Black Firs Lane and Back Lane, Somerford

To enable the construction of the Chelford Road structure and divert existing services, traffic has been diverted onto a temporary 2-way carriageway.

The speed limit has been reduced from national speed limit to 10mph through the works area. The reduction is necessary due to the alignment of the temporary carriageway and construction traffic requiring access and egress from the works site.

| | |
|--------------------------------|---|
| Start Date | 9 July 2020 |
| Planned Completion Date | For the duration of the Chelford Road overbridge construction |

For details of all road closures please [visit the project website](#) for the most up to date information
